Code of Conduct

ANGELS CONSULTANTS DO WHATEVER IT TAKES TO GIVE LIFE A CHANCE:

- They start with Why.
- They sweep the sheds.
- They foster partnerships without seeking the credit.
- They create leaders through relationships, success and a people focus.
- They think like Sherlock Holmes but are careful with the way they make recommendations.
- By focussing on Standardization, Education, Community and Quality they create More and Better stroke centres.
- They leave a legacy.
