AS AN ANGELS INITIATIVE MEMBER, I STRIVE TO

- 1 Ensure my region has appropriate coverage (<80%), so all stroke patients have access to the same standard of care wherever they are.
- 2 Continuously improve the quality of care as evidenced by minimum Gold status for all the stroke centers and EMS in the region.
- 3 Build a community that is aware of and educated about stroke by enrolling all the schools of the region in FAST Heroes.
- 4 Grow the people in my Angels community - including healthcare professionals, EMS staff and citizens - with the ultimate goal of transforming it into an Angels Region.

GIVING *life* A CHANCE.

Angels Initiative is a non-promotional, health care project of Boehringer Ingelheim International GmbH to support the ESO and WSO in implementing their main goal, to improve stroke care around the world.
