The Angels education platform is aligned with our goal of **changing outcomes for stroke patients**. Learning resources in the Angels Academy therefore target actions that raise the standard of stroke care in **any hospital, anywhere in the world**.

Develop your skills and expand your knowledge
– **in your own time and at your own pace.**

You can also set targets and **track your progress**, design learning paths for members of your team, or invite colleagues to join you – **because a community that learns together, excels together.**
