The Angels education platform is aligned with our goal of **changing outcomes for stroke patients**. Learning resources in the Angels Academy therefore target actions that raise the standard of stroke care in **any hospital, anywhere in the world**.

Develop your skills and expand your knowledge
– **in your own time and at your own pace.**

You can also set targets and **track your progress**, design learning paths for members of your team, or invite colleagues to join you – **because a community that learns together, excels together.**

Courses for nurses

STROKE BASICS CARE

Improve your stroke knowledge and practical patient care and earn the Angels Stroke Nurse Certification Course Certificate, receiving 15.5 European CME Credits.

DYSPHAGIA

Learn how to diagnose and manage patients with swallowing difficulties that can cause nutritional and respiratory complications.

PATIENT MOBILIZATION IN BED
